Report of the National Steering Group on Clinical Leadership in the Ambulance Service (2009) (available on request)

PUBLIC PRESENTATIONS

Over 30 paper presentations made at national & international conferences related to advancing nursing practice, nurse-led care supported by telemedicine & e-health, paramedic education and clinical leadership (list available on request).

CURRENT POSTS

Independent Nurse Consultant -

- Managing Director, Sibson Consulting Ltd, working with clients in the NHS and private sector to advance, support and implement innovative health care practice (www.sibsonconsulting.com).

PROFESSIONAL EXPERIENCE

March 2007 - to date

Nurse Consultant/Regional Head of Education & Training, West Midlands Ambulance Service NHS Trust - developing, supporting and implementing a range of learning & development opportunities for staff, focusing on e-learning including a Virtual Learning Environment with two local NHS Trusts.

January 2006 - March 2007

Principal Lecturer, National Practitioner Programmes Unit (NNPU), University of Hertfordshire - leading the NPPU to deliver a number of the National Practitioner Programmes & Programme Tutor for the Emergency Care Practitioner, Critical Care Paramedic and Anaesthesia Practitioner programmes.

May 2000-June 2004

Senior Lecturer, Nursing & Paramedic Sciences, University of Hertfordshire-teaching on several course teams for both degree & diploma nursing & paramedic students. Community Link Tutor for North Hertfordshire. Led IT & Nursing Informatics courses.

January 1998-August 1999

Telemedicine Manager, WorldCare UK- management of a skin cancer screening project using telemedicine in Plymouth. Undertook a qualitative study on patient perceptions & satisfaction with the service. I also managed the international telemedicine referrals and the company's marketing strategy.

June 1994-December 1997

Primary Care Nurse Practitioner, Minor Treatment Centre, London-working in a nurse-led Minor Treatment Centre, managing a wide-range of primary health care issues for the local community. I was involved in setting up & managing a telemedicine service between us and an ED in Belfast. I also undertook project management as an in-Trust secondment focusing on the Nurse Practitioner role, wound care guidelines, nurse dispensing and audit of advanced nursing practice.

April 1990-June 1994

Practice Nurse, James Wigg Practice, Kentish Town-in an 8 partner training practice. During this 4-year period I undertook my asthma, family planning and Nurse Practitioner studies, all of which I incorporated into my professional practice.

ADDITIONAL PROFESSIONAL ACTIVITIES

- Consultant Editor – Journal of Paramedic Practice (www.paramedicpractice.org)
- Honorary Fellow – Warwick Medical School, University of Warwick
<http://www2.warwick.ac.uk/study/postgraduate/courses/depts/medschool/taught/criticalcare>)

CONSULTANCY ACTIVITY

I have undertaken and completed a number of consultancy commissions and projects, some of which are outlined below. For further details, please visit www.sibsonconsulting.com

Postgraduate Certificate in Patient Assessment & Management (2004/5)

Leading & developing an academic programme for paramedics and nurses to deliver out-of-hospital primary care both locally and nationally as Emergency Care Practitioners at the University of Hertfordshire.

The Critical Care Paramedic Practitioner Programme (2005 - 6)

Project managing the development of an academic programme for Critical Care Paramedic Practitioners, in conjunction with the New Ways of Working in Critical Care team at the DoH and clinical colleagues. This work was centrally funded by the Challenge Fund.

Critical Care Paramedics – West Midlands Ambulance Service NHS Trust (current)

Project management of the development of an academic programme for the Critical Care Paramedics (CCPs) in conjunction with the Warwick Medical School, University of Warwick and the Air Ambulance Charity.

Mentorship Online module – Coventry University (current)

Developing an online mentorship module on mentoring and mentorship for healthcare professionals at Coventry University.
